

DESCRIPTION

The Round Shoulder is a standard type reflective pavement marker designed to offer maximum strength, high reflectivity and lower tyre impact.

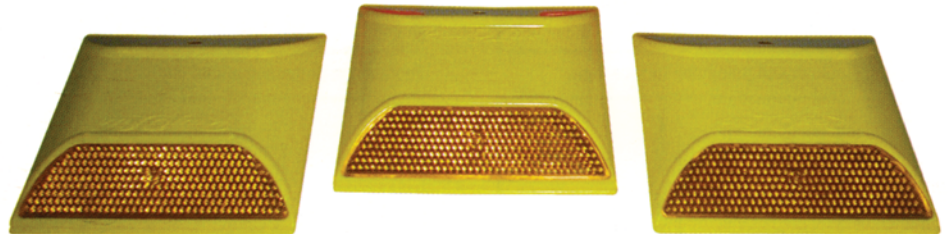

Its brightly coloured housing provides high visibility for daytime delineation.

The Round Shoulder has an improved smoothed-edge shape that reduces tire impact and increases its lifetime.

- Exclusive Australian agent
- Comparison casts a good reflection on us
- Making roads safer for over 30 years
- Test certificates available for compliance to AS-1906.3-1992

ALSO AVAILABLE

- Non reflective RPMs
